ACCESS TO GOVERNMENT

---

## USING THE GOVERNMENT TELEPHONE SYSTEM

---

There are three "centrex" exchanges in the government system in Metro Toronto. They are 963, 965, and 586. In this directory, those exchanges are abbreviated to 3, 5, and 6 respectively.

To call from these exchanges to any number on the opposite page, dial 9 + the seven digit number.

To call a place served by the **Inter-City Network**, dial the ICN number + the seven digit number.

To call a place by **Long Distance**, dial 9 + 1 (+ area code if the number is outside your area) + the seven digit number.

### Extension Numbers

Many of the telephone numbers in the 235 exchange show an extension number e.g. 235-4321 ext. 7123.

To call a person with an extension:

- from exchange 235, dial the "ext" number 7123.
- from other exchanges, dial the seven digit number, 235-4321, then ask for "extension 7123".

**Important:** If your exchange has been converted to the Ontario Communications Network, follow the special instructions you received at the time of conversion.

---

## FINDING THE NUMBER

## ONTARIO COMMUNICATIONS NETWORK

---

The Ontario Communications Network (OCN) is an enhanced network resulting from the use of computer-based telephone and network management facilities. The Ministry of Government Services — Computer and Telecommunications Services (CTS) — is continuing the implementation of these enhancements across the province.

Once you are converted to the new Network, it will no longer be necessary to know or use the Inter-City Network (ICN) codes. The uniform dialing procedure will automatically connect you to the appropriate line, to reach any of the locations served by the Network.

Over the next few years, the OCN will be extended to various regional centres. After 1990, when high speed "digital" lines become available, the network will become a multi-service one for the transmission of voice, data, graphics, pictures and video information.

Training programs will be carried out for employees in all locations before their telephones are connected to the improved Network. Until your telephone system has been converted, you should continue to use the existing ICN codes.

You can find out more about the Network by calling your MGS User Support Coordinator. See page 227.

If you experience any problems with the OCN, call the CTS User Service Desk at 963-3900.

---

## INTER-CITY NETWORK

---

Those locations which have not had enhanced computer-based network systems installed, access to the Inter-City Network (ICN) remains as before. If the telephone system is enhanced, please refer to the previous page.

Ontario Government telecommunication networks enable a caller to dial directly from government centrex lines in Toronto and **consolidated** centres in Mississauga, Oshawa and Hamilton, to hundreds of other Ontario localities without incurring a long distance toll charge. **It is to be used only for the conduct of government business by the staff of Government of Ontario Ministries and approved agencies, and members of the Provincial Parliament.**

If you are calling from Toronto exchange 963 or 965, you can use the Inter-City Network to place a call to a point outside the Metro Toronto free calling area. Those who are served by "stored logic" telephone systems can access the Inter-City Network by referring to the operating instructions provided with that equipment.

ICN

The following pages contain a chart listing Ontario cities and towns, and show the ICN and area codes to be used to access them.

At first the number shown in the "Inter-City" column, for the locality you wish to call, then the seven-digit local telephone number.

If no Inter-City number for that locality is shown, you should place your call through regular long distance means. For this purpose, the area codes are also displayed. For area codes of localities not listed, consult your Bell directory, or call the Bell long distance operator.

For information regarding access codes on the Inter-City Network, or to report troubles, call the Queen's Park operator at 5-1191.

## COMMERCIAL STANDARDS PROGRAM

555 Yonge Street  
Toronto Ontario M7A 2H6

The components of this program promote a high level of ethical business conduct by ensuring public disclosure of the essential elements of business transactions and the registration and licensing of persons dealing with the public. The various branches also conduct inspections of the financial operations of the regulated industries. In addition, the program provides services for incorporation of companies and the administration of The Motor Vehicle Accident Claims Fund which handles claims and payments for damage done by stolen, unidentified or uninsured motor vehicles.

The Commercial Registration Appeal Tribunal is the mechanism that allows licensees and registrants to appeal decisions of the Liquor Licence Board and/or proposals made by the Registrars of regulated industries. Appeals of decisions regarding compensation fund claims under the Ontario New Home Warranties Plan Act and the Travel Industry Act are also heard.

**MINISTRY OF SKILLS  
DEVELOPMENT**

13th Floor 101 Bloor Street West  
Toronto Ontario M5S 1P7

The Ministry of Skills Development helps individuals develop skills so that they can find and keep a job. It also helps businesses and industries train workers so that they can adapt to rapidly-changing technologies. The Ministry encourages the private sector to make training a normal part of the workplace.

Ministry programs help adult workers get basic skills training and permanently laid-off older workers are eligible for training credits. For employment-disadvantaged youth, there are employment counselling, skills training and job placement services. Young entrepreneurs can take part in interest-free loan programs. The Ministry administers the province's apprenticeship system and the Ontario Community Literacy grants program. It is also the lead ministry for Ontario's Adult Basic Literacy initiatives.

## ALPHABETICAL LISTINGS

---

### Explanatory Notes

#### PAGE NUMBER

The number in brackets immediately following the employee's given name indicates the Office Listing (yellow) page on which that employee's name appears. For employees whose names are printed only in the alphabetical list, no such number appears.

#### LOCATION

The city or town name is shown for each employee, to enable directory users to distinguish between local and long-distance telephone numbers. Before calling any location other than Toronto, refer to the Free Calling area or the Inter-City network, contained in the preliminary section of this directory.

The full address of any employee can be readily determined either by referring back to the appropriate Office Listing (yellow) page using the page number provided, or by telephoning the employee.

#### MINISTRY IDENTIFIER

An employee's ministry is designated by the following identifiers. These identifiers are for the purpose of this directory only and are not approved designations. Employees of agencies, boards and commissions will be listed as if they were employed by the parent ministry.

## Ministry of Government Services

The XV Olympic Winter Games take place in Calgary from February 13 to 28, 1988. Four thousand athletes from 52 countries will perform in competitive and demonstration sporting events, from the luge to skiing for the disabled.

We salute Canada's olympic teams and Ontario's members of those teams in this edition of the Government of Ontario Telephone Directory.

The Ministry of Government Services produces this and other directories to meet two needs: helping members of the public reach the proper Ontario government office, and assisting ministries in responding to public inquiries. Besides helping people who call, write or visit Access Ontario, Citizens' Inquiry Bureau and information desks in major government buildings, we offer ministries support through customer service training programs, government information databases and custom directories.

MGS staff will be pleased to discuss these and other ways in which we can work with your ministry to deliver programs to the people of Ontario.

If after checking this directory you cannot find the information you require, please call one of the inquiry services listed on page iv. They will refer you to the right office.

*Richard Patten*

The Honourable Richard Patten  
Minister of Government Services
